Provide our customers with a complete service

Be devoted, be successful.

CAR SURFACE CLEANING

MULTI-PURPOSE FOAM CLEANER

With rich foam, it can clean away the dirt and grease easily. After using, it will prevent the dust and dirt deposited on the material surface. At the meantime, it has an effect on disinfection and removing the odor.

DT-B001
650mlX12

TYRE FOAM POLISH

It can clear away the dirt and grime on the outside of the tyre quickly and completely. It has the effect on preventing the tyre to be perished,crack or color faded, and keeping the tyre a longer using time. With no harm to the rim or other parts of the tyre.

DT-B003
650mlX12

STICKER REMOVER

It has strong removing effect on the sticker on the vehicle window, vehicle body, paint surface, marble, and etc. When you use it, you only need spray some of the remover on the sticker surface, and then you can remove it easily, with no scratch on the material surface.

OT-B008
450mlX12

PITCH CLEANER

With strong effect on penetrating and cleaning, it can clean away the pitch and grime outside of the car, motorcycle, metal, tyre, etc. After using it, the material will be looked very clean and glossy.

OT-B009
450mlX12

HEADLIGHT RESTORATION

It can resolve the problem of yellowing, scratching, blurring and oxidative cracking of the the headlights shade. Before spray, you need to burnish the shade at first, and then spray the product smoothly on the surface of the shade. It will form a resin film on the surface, and make the headlight like brand new.

OT-B050
450mlX12

ANTI-MIST AGENT

It is a high concentrated mist remover. It has good anti mist effect even in the bad weather or in an environment with range of temperature. The operation is easy, spray it on the windshield and wipe with a fabric. Without mist, you can see more clearly, which is safe for driving. On the other hand, this procuct is applied to cleaning the bathroom anc the eye glasses.

OT-B017
450mlX12

MULTI- PURPOSE CLEANER

It has strong cleaning effect, consists of surfactant and water-soluble solvent. It could emulsify all the dirt and grease, dissolve naturally, has no corrosion to the rubber, plastic or the metals. It is fit for cleaning the cars, motorcycles, and some other machines, and also fit for cleaning the cushion seats, plastic parts, and carpets.

OT-B002
500mlX24

GLASS CLEANER (Non Anti Freeze)

It is a kind of concentrated window glass cleaning agent. It eliminates the dust and stains quickly from the windshield, and prevents the glass from the mistiness, making the sight clearer

OT-B015
500mlX24

CAR SURFACE CLEANING

TYRE RENEW

It can clean away the dirt and grime on the outside of the tyre quicky and completely. It has the effect on preventing the tyre being perished, crack or color faded, keeping the tyre a longer using time. It doesn't have harm to the rim or other parts of the tyre.

DT-B004
500mlX12

WHEEL CLEANER

It contains highly effective penetrating agent and degreasing agent, which can decompose adhesion on the wheel hub surface quickly, such as powder brake dust, grease, stubborn dirt, etc. It contains metal corrosion inhibitor, with no harm to the wheel surface.

DT-B005
500mlX12

WATERLESS WASH & WAX

It is a kind of waterless car wash and wax. Spray it on the car body and use a towel to wipe off the dirt and dust, then it will have a wax effect on the car body paint. This product is water saving and protective to the environment.

DT-B013
500mlX12

DUSTER WAX

It is a kind of liquid wax used with a duster. Spray it on the duster, and then you can easily wipe off the dust from the car body or some other materials. After using, it will have a polishing effect on the surface.

DT-B014
500mlX12

DEAD INSECT REMOVER

It has full of penetrating and dissolving effect, it can easily remove the dead insect stuck on the outside of the car, which makes car cleaning more easily.

DT-B006
500mlX12

IRON DUST REMOVER

It is rich in dissolve agent to iron dust, could remove the iron dust, oxidized layer and brake powder on the paint and wheel hub. Spray it on the material surface, the iron dust will be dissolved soon to purple liquid and then drop down, then wash it with water.

DT-B007
500mlX12

CAR WASH SHAMPOO

It adopts advanced natural formula which has abundance foam, and can decompose the dirt quickly from the car surface. It has no harm to the hands, or to the car paint, making your car clean and bright.

DT-B011B
DT-B011A
2LX6 4LX4

CAR WASH & WAX

It has plenty of foams which can remove dirt and stain. It contains special glossy material, to make the car paint bright and form a protective film to prevent UV line and static. It doesn't contain acid or alkali, no harm to the car paint and car wax. It's anti-rust, anti-oxidizes, and anti-static.

DT-B012B
DT-B012A
2LX6 4LX4

ANTI-FREEZER GLASS CLEANER

It is a kind of concentrated glass wash with a special additive agent, which will not freeze under a temperature of -30 C. It is especially fit for used in winter, which can remove the dust and dirt from the windshield, and then gives you a clear sight line.

DT-B016
1.8LX12

WINDSHIELD CLEANER

It is a concentrate fluid, that has good cleaning effect on removing the dirt from window shield glass. After using, the window shield will be looked clean and bright. And it is also fit for glass cleaning at home.

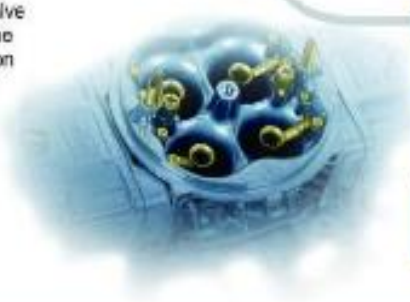

DT-B018
1.8LX12

CAR FEATURED CARE

CARBURETOR CLEANER

It has strong spraying effect which could clean the choke valve and regulator valve of the carburetor, and remove the colloid, dirt and carbon deposit. If it is used with an injection pipe, it will have a better effect. It has no harm to the catalytic converter and oxygen sensor, and has the effect on maintaining the engine, resolving the problem of unsteady idle or hard to start up

DT-B025
450mlX24

CAR AIR CONDITIONING CLEANER

It can seep into the air-conditioning, clean the dust, grease, insect stains and other dirt from the inside fan and exchange with pleasant fragrance. It plays the role of maintenance, deodorant and extends the service life of the air-conditioning. With its professional rotary valve, and the strong expansion foam, it is the excellent cleaner for car air-conditioning.

DT-B023
500mlX12

ENGINE SURFACE DEGREASER

It has strong penetrating and decomposed effect, can clean away the grease and dirt from the engine surface easily. It is good for the engine heat extraction, and has no harm to the rubber & plastic parts or the painted surface. On the other hand it is also fit for cleaning the electricity generator and some other machinery equipment.

DT-B019
650mlX12

BRAKE CLEANER

It could penetrate, dissolve, and remove the dirt and oil stains on the braking system, clutch and brake calipers. It could make the braking systems maintain good performance, and eliminate the piercing sound, which will enhance our traffic safety.

DT-B022
840mlX12

FUEL INJECTOR CLEANER

It can effectively remove fuel injector's colloid and carbon deposition. It will reduce engine vibration, unstable idle speed, hard-to-cold-boot and black smoke. It could enhance the fuel combustion efficiency and improve the engine power. And also it could prolong the injection nozzle's service life.

DT-8026
325mlX12

FUEL SYSTEM CLEANER

It could remove the colloid and carbon deposition on parts of the fuel system. It could enhance the combustion efficiency and reduce fuel consumption and exhaust emission. It will reduce the engine noise and improve the engine power.

DT-8039
325mlX12

AIR INTAKE SYSTEM CLEANER

It could remove the colloid and carbon deposition in the air intake system, including the throttle, intake channel and wall. It will improve the intake performance, return to normal air-fuel ratio and lower emission. It could enhance the fuel combustion efficiency and improve the engine power.

DT-8038
325mlX12

CAR FEATURED CARE

RADIATOR SYSTEM FLUSH

It can quickly remove rust, sludge, scum and scale in the radiator within 10 minutes. It will improve the radiating effect and the engine working efficiency. It could extend the motor life.

OT-B027
354mlX6

RADIATOR SYSTEM LEAK PROOFING AGENT

It has the contents of strong hardener, antifoam and corrosion inhibitor. It can quickly stop the leak of the radiator, will not block the radiator channel, and has no harm to the parts of the radiator. It can prevent corrosion and prolong the using time of the radiator. It also can be mixed with kinds of antifreeze and coolant.

OT-B029
354mlX12

RADIATOR SYSTEM RUST PREVENTIVE

It makes the cooling system with no deposit, no corrosion, no rust, and keeps it clean with no noise from the pump. It can keep the cooling effect of this system and avoid the problem of high height of engine, radiator boiling or leaking. It could be used mixed with radiator liquid and antifreeze liquid.

OT-B028
354mlX6

ENGINE CLEANER

It can penetrate to the stain, emulsify and remove the stain within 2-5 minutes. It is nonflammable, and the discharge could be degraded naturally. It doesn't have pollution to the environment. It is fit for cleaning the engines, air conditioner cover, or other metal and plastic surface.

OT-B021
500mlX12

LONG LIFE COOLANT

It is a kind of improved cooling fluid. It could prevent overheating of the engine. At the mean time, it also has the effect on rust-proof and anti-corrosion. It is widely used in kinds of vehicles.

OT-B030
2LX6

ANTIFREEZE COOLANT

It is a special coolant that will not freeze at very low temperature below 0℃. It also has the effect on rust-proof and anti-corrosion, and will improve the efficiency of the cooling system. We have two type, -20 ℃ and -40 ℃, you can choose according to different places' weather.

OT-B031
2LX6

ENGINE OIL ADDITIVES

It is an improved additive of the engine oil, consists of special viscosity temperature improver, which could change the viscosity - temperature feature of the engine oil in the atrocious weather. It could stabilize the performance of the engine oil, prevent it from breaking up to lose the effect, reduce the sediment, save petrol, and extend the life of engine.

OT-B037
443mlX24

MOTOR FLUSH

It is made from purified petroleum, and special natural dispersant. It could remove the colloid, dirt and carbon deposit in the engine and oil channel. It has the effect on lubricant, reducing scrubbing resistance, renewing and improving the motor of the car. It could resume the airproof of the engine, save petroleum and extend the engine life.

OT-B036
443mlX24

ENGINE TREATMENT

It consists of anti-rub inter-metallic compound, it can restore the rubbed surface and renew the leak-proof of the engine. It could improve the power of the engine, avoid the problem of wasting the engine oil, reduce noises and blue off-gas. It will prolong the using time of the engine.

OT-B035
443mlX24

UNDERCOATING

It forms a special protective layer at the underbody of the car, which has strong effect on anti-rust and anti-corrosion. It could prevent the corrosion caused by water and the punch from the sand stones, reduce the squeaks and road noises.

OT-B032
450mlX12 1000gX6

LOW TEMPERATURE STARTING AGENT

It could make the engine to start up fastly and smoothly even under a very bad weather, such like -40℃, or in a very humid environment. It has the feature of no need for preheating, easy for operation, quickly to start up, and with no harm to the engine. It will not cause engine knocking, solve the problem of losing the battery and ignition switch. It is fit for the engine of cars , tractor, boat, etc.

OT-B034
450mlX12

TYRE INFIATOR & SEALES

It is used for inflating and sealing the tyres of bicycles, motorcycles, and other vehicles. It is no need to dismantle or change tire when it is punctured. Spray it into the tire directly. It can seal automatically and quicky to prevent the air leakage in an accidental situation. It can cover the breach within 6mm.

OT-B040
650mlX24

CAR WAX & POLISH

DASHBOARD LEATHER & TYRE WAX

Its main function is to polish and protect the man-made leather, plastic & rubber products from the harm of the UV radiation, high heat and ozone. It could make the material prevent color faded, crack or wrinkled problem, and could avoid static. And it could decrease the dust deposition, increase the natural brightness of the material

Lemon ,Jasmire, Apple ,Rose , Strawerry , Honey Peach ,New Car and etc.

DT-B041
450mlX24

PROTECTOR

It contains special polymer and organic silicon. By spraying and wiping, it can remove dirt and dust on the surface of vehicles, leather, rubber, woodware and so on. It can also protect from fading, hardening and cracking caused by strong sunshine or oxidizing. By applying, it can keep the surface being soften and shining with its anti-static and dustproof function.

DT-B042
300mlX24

LEATHER CONDITIONER

This product can remove dirt and dust on the surface of leather, rubber and plastic products. It could prevent color faded or cracked caused by sunshine or oxidation. And it has the effect on anti-static, dust-proof, keeping the material soft and glossy.

DT-B043
500mlX12

HARD WAX

It has an excellent polishing effect on the car body, making a protective wax film outside the car paint, which could prevent the damage from the rain, acid rain or UV line, keep your car look bright and brand -new.

DT-B044
300gX12

SOFT WAX

It can make car body shiny and brilliant and keep durable efficiency after use. It can prolong period of validity of car paint with its good weather applicability of anti-aged and UV-resistant.

DT-B045
300gX12

POLISH WAX

It can effectively remove the dirt and stain on the car paint surface, prevent from oxidation of sunlight or color fading, and give the car paint special protect with glossing brightness.

DT-B046
200gX12

PASTE WAX

It can remove the dirt and stain on the car paint surface quickly, effectively and safely, eliminate the minor scratches, the outside layer of dull color and oxidation, and bring glossiness and brightness to the car paint.

DT-B047
200gX12

DUAL-CORE CAR WAX

Dual-core car wax is an environmental car wax, adopts the natural carnauba wax and self-developed nanopolymer, which made by high temperature vacuum emulsification, precise formula, and superfine homogeneous emulsion.

DT-B048
750mlX6

DISSOLVENT WAX

It has excellent effect on resolving kinds of wax. It is usually used before the car polishing to remove the previous wax film on the body of the car. With no harm to the car paint and makes your car have a better polishing effect.

DT-B049
450mlX24

HOME CARE

AIR FRESHENER
(LEMON ORANGE)

It will kill off bacterium and remove odor. The unique fragrance can make you feel the breath of the real nature. It doesn't have side effect on human beings. It applies in house, office, washing room, bath room, hotel, restaurant, and vehicles.

DT-D001A
330mlX12

AIR FRESHENER
(APPLE)

It can form a multi-layer waterproofing film on the surface, which is resistant to rain, snow, dirt and dust. It is usually used for all smooth leather, nubuck, suede, textile materials and synthetic materials.

DT-D001B
330mlX12

AIR FRESHENER
(INTERNATIONAL)

This product can kill off bacterium and remove odor. It has unique fragrance, which can make you feel the breath of the real nature. It doesn't have side effect on human beings. It applies in house, office, washing room, bath room, hotel, restaurant, and vehicles.

DT-D001C
330mlX12

AIR FRESHENER
(ROSE)

This product can kill off bacterium and remove odor. It has unique fragrance, which can make you feel the breath of the real nature. It doesn't have side effect on human beings. It applies in house, office, washing room, bath room, hotel, restaurant, and vehicles.

DT-D001D
330mlX12

AIR FRESHENER
(POTPOURRI)

This product can kill off bacterium and remove odor. It has unique fragrance, which can make you feel the breath of the real nature. It doesn't have side effect on human beings. It applies in house, office, washing room, bath room, hotel, restaurant, and vehicles.

DT-D001E
330mlX12

AIR FRESHENER
(OCEAN)

This product can kill off bacterium and remove odor. It has unique fragrance, which can make you feel the breath of the real nature. It doesn't have side effect on human beings. It applies in house, office, washing room, bath room, hotel, restaurant, and vehicles.

DT-D001F
330mlX12

AMASPRO INC

AMERICA & ASIA PRODUCTS

WATERPROOF SPRAY

It can form a multi-layer waterproofing film on the surface, which is resistant to rain, snow, dirt and dust. It is usually used for all smooth leather, nubuck, suede, textile materials and synthetic materials.

DT-0005
450mlX24

FOAM DETERGENT

It uses special effect soil dissolving agent. It has strong decontamination and deep cleaning effect. It can quickly remove stubborn stains from sneakers, sports shoes, cloth shoes, rubber shoes and sandals, restore the original radiant colors and make shoes surface bright.

DT-0004
450mlX24

FURNITURE POLISH

It consists of silicone oil and compound emulsion wax, which is designed for kinds of furniture and daily-used products. It has the effect on cleaning and polishing, and with a lemon flavor. At the same time, it will create a protect-film outside the surface to prevent the static, UV radiation, water, and mustiness.

DT-0003
450mlX12

INDUSTRY & BUILDING

ANTI-RUST LUBRICANT

It can penetrate and lubricate the parts of vehicles, ships, machines and tools. It could prevent corrosion and reduce noises during the operation.

DT-C001B
DT-C001A
450mlX12 200mlX24

CHAIN LUBRICANT

It used a high quality synthetic oil, that can resist to abrasion, and has a high penetration, forms a lubricating and protective film that could prevents elongation, wear, breakage, noise, rust and contamination of the chain.

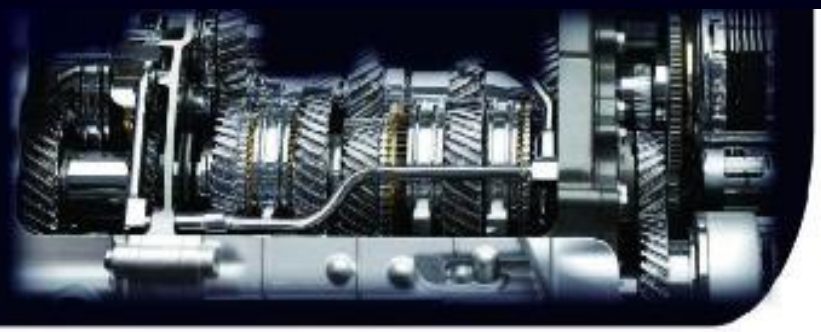

DT-C002
450mlX24

SILICONE SPRAY LUBRICANT

It has the lubricant effect, can eliminate the friction noise and has anti-corrosive and anti-oxidation function to the metal, rubber and plastic products. It is popular used in home, automotives, marine, and industrial applications.

DT-C004
450mlX24

CONTACT CLEANER

It can quickly remove dust and dirt from precision electronic instruments, circuit boards, household appliances, etc. It is nontoxic and will not short-circuit the equipment after cleaning. It can quickly volatilize and non-corrosive to all plastics, rubber, metal etc.

DT-C006
450mlX24

MOULD RELEASER

It is used for mould-releasing such as plastics, rubber, and metallic casting mould, which forms the resisting film to prevent body from adhesion, and it will not corrodes the body surface.

DT-C003
450mlX24

PU FOAM

It is KEM PU Foam, which is a one-corrponent, ready to use multi-purpose polyurethane foam. It has large expansion capacity, which can be applied to insulating and filling of larger seams, joints, cracks such as gaps between walls, windows and doors, unreachable areas.

DT-C007
750mlX15

INDUSTRY&BUILDING
(NEW SERIES)

GREASE SPRAY

Lubrication: With excellent mechanical stability, it can ensure the flexible operation of various machines.

Anti-rust: An oil film is formed on the metal surface to isolate moisture and air to ensure a good anti-rust effect. Moisture resistance: It is attached to the surface of steel and has excellent water resistance. Temperature: applicable temperature -20℃~120℃

DT-C008
450mlX12

LITHIUM BASED LUBRICANT

This product uses advanced lithium greasy (commonly known as greasy) and special additives, which can achieve high viscosity lubrication without dripping or natural flow. It is very suitable for the lubrication between metals and reduces friction to ensure that tools and equipment keep in good operation. It has many functions such as lubrication, rust resistance, water resistance, colloid stability and mechanical safety. It is aerosol product, which has obvious advantages of easy operation and is better for the repair and maintenance of vehicles and machinery.

DT-C009
450mlX12

ANTIBACTERIAL AND DEODORANT

This product has the effect of sterilization, deodorization and air purification, which can effectively remove the mold, bacteria and smoke smell that grows in small spaces due to daily use. Suitable for car interiors, car air conditioning and home use.

DT-B051
300mlX12

LEAK PROOF SPRAY

One-component self-spraying leak-proof spray, waterproof film. It is designed to repair waterproof construction pipe root, pipe mouth, corner, crack, slot which have small splits . Besides, this product has unique anti-corrosion, anti-rust function.

DT-C010
450mlX12

DYE PENETRANT INSPECTION MATERIALS

Dye penetrant inspection materials is the most simple and effective common detection section in nondestructive testing technology. It has the unique advantages of sensitive display, rapid conclusion, good repeatability and intuitiveness in the detection of dangerous defects that endanger the life of metal and non-metallic materials and the safety of pressure vessels, such as welding cracks, fatigue cracks, stress corrosion cracks, grinding cracks, quenching cracks and other surface open defects.

DT-C011 450mlX12
DT-C012 450mlX12
DT-C013 450mlX12

OCTANE BOOSTER

This product boosts octane and cleans the fuel intake system to restore lost performance. It's safe for turbos, oxygen sensors and catalytic converters. Stops knocks, and raises MPG in high compression engines.
